Subject : Supporting Request for World Higher Education Fair “World Post Graduate Expo Indonesia (WPG)”

To
President Director of PT. MSW Global
in Jakarta

Following your letter number MSW/WPG/2018/III/002 regarding Supporting Request for World Higher Education Fair entitled “World Post Graduate Expo Indonesia (WPG)”, Directorate General of Resources for Science, Technology and Higher Education would like to convey our outmost appreciation on existing collaboration between PT. MSW Global with Ministry of Research, Technology and Higher Education, especially in term of providing educational choices for pursuing master degree in universities around the world.

WPG activity will become part of National Education Day Celebration agenda of Ministry of Research, Technology and Higher Education in which for this year will be hosted by Directorate General of Resources for Science, Technology and Higher Education. As part of our support for the Higher Education Fair, we would like to actively participate by opening booth, providing public services related to higher education activities, giving consultation on collaboration scheme for international universities and hosting seminar or workshop during WPG. Hence, we expect you can involve as many as possible universities both reputable universities from Indonesia as well as relevant international universities, furthermore independent organizations which have concern in developing Indonesian education to participate in WPG program.

We hope this World Post Graduate Expo Indonesia could generate fruitful outcome for every involving parties and give great benefit for higher education improvement in Indonesia. Thank you for your kind support and may the event can run well.

Sincerely yours,
Secretary to Directorate General of
Resources for Science, Technology and
Higher Education
